

Valuation Advisory Services in 3 minutes

IQ-EQ is a leading international investor services group, with over 6,500+ employees across 25 countries.

Our valuation service is designed for entrepreneurs, alternative investment professionals and managers, offering them a complete range of services to maintain control over the valuation of their investments.

Our team consists of seasoned corporate finance professionals, working alongside investment teams or management of private equity firms.

Our missions

AIFM Directive
expertise

Fairness opinion

Performance
measurement

Regulatory valuation

Our experts are experienced in assessing the valuation criteria of unlisted companies and securities, performing advanced valuation models to determine fair market value for specific situations. Our valuation reports are built in line with international standards (IPEV, IVSC, etc.) and incorporate strategic analysis, economic overviews, comparable companies, financial ratios, and more, following the latest M&A market trends to deliver a robust and enforceable valuation approach.

What we do

A global overview of Valuation Advisory Services

AIFM directive

- Independent valuation of assets/securities valuations as an “external valuer”*
- Secondment of an independent valuer

* Directive 2011/61/EU , Article 19

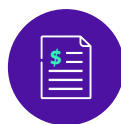

Fairness opinion

- Transfer of investments between funds managed by the same ManCo
- Valuation of equity and/or assets held by a company with minority stakeholders

Modelling

- Financial valuation modelling
- Reconciliation of investment performance (IRR, multiples, etc.)

Regulatory and Tax assignments

- Impairment testing
- PPAs
- Etc.

As an AIFM independent valuer, IQ-EQ sits on the valuation committee of over 160 funds, assessing over 180 underlying companies per valuation campaign covering all sectors with some generating multi-million-euro turnovers.

By choosing IQ-EQ, you benefit from recognised expertise in establishing price assessments (e.g., fairness opinions, management packages) and implementing efficient valuation processes aligned with best market practices.
