This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

IQ EQ Discovery Equity Fund

Class L GBP accumulating shares of IQ EQ Discovery Equity Fund (the "Fund") a sub-fund of the Davy Funds Plc (the "Company"). (ISIN IE00BWD1Z317)

The Fund is managed by IQ EQ Fund Management (Ireland) Limited (the Manager").

Objectives and Investment Policy

Investment Objective:

To provide investors with long term capital growth by investing in shares of medium sized companies on a global basis.

Investment Policy:

The Fund will invest in medium sized companies who are listed or quoted globally. Investments will be made in companies that have stabilised profitability early in their life cycle with the intention of retaining such investments during each company's core growth phase. Generally the Fund will invest in companies that have a market capitalisation of greater than €200m. Diversification will be achieved on a geographic basis as well as on an industry sector basis including energy, technology, basic resources, healthcare and environmental services. The Fund may also invest in other asset classes such as cash and commercial paper.

Risk and Reward Profile

Lower risk ←—————→ Higher risk
Potentially lower reward Potentially higher reward

1	2	3	4	5	6	7
---	---	---	---	---	---	---

- Historical data may not be a reliable indication for the future.
- The Risk and Reward profile is not guaranteed and may change over time.
- The lowest category does not mean 'risk free'.
- The Fund is in category 5 (denoting medium risk, but with the potential for better reward) due to the implementation of its investment policy and process and because it can invest in equities which tend to be more volatile than cash because of the high range and frequency of price movements (volatility) of the underlying investments referenced by the Fund.

The Fund is actively managed and is not managed in reference to a benchmark, however, the Fund's performance may be measured against the MSCI World SMID Index. The Fund does not operate any form of target to outperform a benchmark index.

Other Information:

- The Fund may use FDIs for efficient portfolio management and currency hedging purposes. Such techniques and instruments include options and forwards.
- You can buy, exchange and sell shares in the Fund on a daily basis on any business day in Dublin.
- This class does not intend to pay a dividend. Any income generated by the Fund is reinvested to grow the value of your investment.
- The Fund may not be appropriate for investors who plan to withdraw their money in 2-3 years.

For full investment objectives and policy details please refer to the prospectus and the Fund's supplement which are available on <https://iqeq.com/davy-funds-plc>.

The indicator opposite does not take account of the following risks of investing in the Fund:

- Investing overseas can bring additional returns and spread risk to different markets. There are risks, however, that changes in currency rates may reduce the value of your investment.
- General Investment and Market Risks of the CIS: The Fund's activities may be significantly and adversely affected by general economic and market conditions, such as interest rates, availability of credit, inflation rates, economic uncertainty, changes in laws, and national and international political circumstances. These factors may affect the level and volatility of the CIS and the liquidity of the Fund's investments. Unexpected volatility or illiquidity could impair the Fund's returns or result in losses.
- Currency Risk: There is a risk of loss arising from exchange rate fluctuations or exchange control regulations.
- Use of derivatives for currency hedging purposes involves risks different from, or possibly greater than, the risks associated with investing directly in securities and other investment.

For a complete description of such risk factors, please see the section entitled "Risk Factors" in the Company's prospectus which is available on <https://iqeq.com/davy-funds-plc>.

Charges

The charges you pay are used to pay the costs of running the Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

One-off charges taken before or after you invest	
Entry charge	None
Exit charge	None
Charges taken from the Fund over a year	
Ongoing charges	1.88%
Charges taken from the Fund under certain specific conditions	
Performance fee	None

The Directors may impose an anti-dilution levy in the case of net subscriptions and/or net repurchases on a transaction basis as a percentage adjustment on the value of the relevant subscriptions or repurchases to reflect the impact of other dealing costs and to preserve the value of the underlying assets.

The ongoing charges figure shown here is based on the expense for the year ending 31 December 2024. The ongoing charges figure may vary from year to year and excludes the costs of buying or selling assets for the Fund (unless these assets are shares of another fund).

For more information about charges, please refer to prospectus and the Fund's supplement which are available on <https://iqeq.com/davy-funds-plc>

Past Performance

Please be aware that past performance is not a reliable indicator of future results. The share class was launched on 25 May 2015. Past Performance has been calculated in Sterling.

The ongoing charges are included in the calculation of past performance and the entry/exit figures are excluded from the calculation of past performance.
